About Us

From Humble Beginnings to Industry Leadership

It all began in 1989, in the heart of Sudbury, Ontario, when Richard Patrick, the backbone of this venture, laid the foundation for what would become a remarkable journey. Following in his footsteps, his two sons, Doug and Stephen Patrick, took the helm after his retirement, working as a cohesive team to elevate the business to new heights.

Together, they advanced Patrick Mechanical Ltd. from a humble mechanical contracting and custom steel fabrication company into a diversified network of specialized companies. This collaborative vision gave rise to the Patrick Group of Companies, a diverse family of businesses that now stands as a leader across multiple industries.

Thank You

PG Invitational Charity Golf Tournament 2025

We are proud to support two impactful charities this year. Our primary beneficiary is the HSN Foundation, Neo Kids Fund, which helps advance pediatric care for children and youth in Sudbury and across Northeastern Ontario. Funds raised will support the purchase of medical equipment, capital investments, and programs that enhance healthcare for young patients and their families.

Additionally, we are honored to support Compass, a lead agency for child and youth mental health services in the districts of Sudbury and Manitoulin.

We thank you for your continued support.
